Article number: 30.312.GDH.8 Printing possible

Stacking bin - 300 x 200 x H 120 mm - closed handgrips - smooth base - green

Product specifications

External dimensions (L x W x H)	300 × 200 × 120 mm
Internal dimensions (L x W x H)	258 × 157 × 115 mm
Max. stacking load (kg)	100 kg
Capacity	5 liter
Handles	Closed
Sidewalls	Closed
Material	PPC
Article number	30.312.GDH.8
Weight (kg)	0,42 kg
Temperature range	-20°C to +50°C, briefly up to +90°C
Color	Green
Bottom	Closed, smooth
Colorcode	PMS 349 C
Load capacity (kg)	5
Quantity per pallet	272
Stacking height (mm)	110

Properties

- **Modern stacking bin from the SOLID LINE series. Dimensions: 300 x 200 x H 120 mm**
- **For a wide range of applications: industrial and craft use, as well as hospitality, catering and logistics**
- **Fully closed design - both walls and base**
- **With closed handgrips - for optimal volume use and protection against dust etc.**
- **The base is completely smooth and flat for optimal hygiene**
- **The stacking bin is suitable for fitting hinged lids, optionally with snap closure**
- **Food-safe and hygienically designed**
- **Options: printing - hinged lids - coversheets**

Description

Plastic stacking bin in Euronorm format (300 x 200 x H 120 mm - 5 liter). Designed in green and part of our SOLID LINE - a product line that is used in a very wide range of applications. Users include industrial and craft businesses, as well as the hospitality, catering and logistics sectors.
Due to its standardised dimensions (300 x 200 mm), the stacking bin can be stacked with all other Euronorm stacking bins and is perfectly compatible with standardised pallets, mobile plastic trolleys or roll containers.
The stacking bin is food-safe, has a hygienic design and is fitted with two closed handgrips - for optimal use of the bin’s volume and to protect the contents as effectively as possible against external influences. Designed with a hygienic, smooth base (underside).
The stacking bin is also suitable for fitting hinged lids, optionally with snap closure. The lids are available in various colours. This allows different applications to be identified. We call this “colour coding”.
Everything for optimal logistics.
