Article number: 99.CVSH.1210

Coversheet - elasticated cover - for 1200 × 1000 mm boxes - blue (PU = 200)

Product specifications

External dimensions (L x W x H)	1250 × 1050 × 250 mm
Material	LDPE
Article number	99.CVSH.1210
Weight (kg)	12,1 kg
Color	Blue

Properties

- **Plastic coversheet with elastic (1250 × 1050 × H250 mm) for 1200 × 1000 mm boxes**
- **Coversheets are stretched over the pallet boxes**
- **The elastic securely encloses the contents**
- **Made from strong LDPE plastic film with a thickness of 30 micron (µ)**
- **Packaging unit: 200 pieces (PU = 200)**

Description

Plastic coversheet (1250 × 1050 × H250 mm) for hygienically closing 1200 × 1000 mm pallet boxes. Designed to protect food and other sensitive products. The covers prevent dirt and dust from coming into contact with the contents. This minimises the risk of food contamination or the contamination of pharmaceutical products. The coversheets are intended for single use and are used during transport and storage of food and semi-finished products in plastic pallet boxes. They are practical to use. The coversheets are made from LDPE plastic and have a thickness of 30 micron. The covers are fitted with an elasticated edge, so the cover stays securely around the pallet box and the contents are fully enclosed. The combination of a plastic pallet box and a coversheet provides optimal product protection during transport and storage.
