Four-wheeled 1100 litre waste container - convex lid - grey

Product specifications

External dimensions (L x W x H)	1370 × 1210 × 1460 mm
Capacity	1100 liter
Material	Recycled HDPE
Article number	63.5578.05
Weight (kg)	65 kg
Color	Grey
Quantity per pallet	2

Properties

The waste container is fitted with four galvanised swivel castors, two with brakes.

With plastic wheel rim and rubber Ø 200 mm tread.

The four-wheeled waste container is suitable for emptying with the dustcart.

Description

Mobile grey 1100-litre plastic waste container with rounded lid (1370 x 1210 x 1460 mm) equipped with Ø 200 mm rubber-tyred castors. The wheelie bin container features galvanized swivel castors, two of which are fitted with wheel brakes. The 1100-litre waste container is certified in accordance with DIN EN 840 and is therefore suitable for all types of refuse collection vehicles equipped with lifting systems compliant with DIN EN 840. The lid is hinged at the centre of the container. The container is equipped with special lifting trunnions on both sides. Designed for professional and long-term use, the container body and wheel mountings are additionally reinforced, providing exceptional durability and a maximum payload capacity of 440 kg. Thanks to its smooth inner walls, dirt does not adhere to the surface, making the waste container easy to clean. Available in a variety of colours, allowing different waste streams to be separated quickly and efficiently.
