Four-wheeled 1100 litre waste container - flat lid - red

Product specifications

External dimensions (L x W x H)	1370 × 1190 × 1470 mm
Capacity	1100 liter
Material	Recycled HDPE
Article number	81691910
Weight (kg)	43 kg
Color	Red
Quantity per pallet	5

Properties

The waste container is fitted with four galvanised swivel castors, two with brakes.

With plastic wheel rim and rubber Ø 200 mm tread.

The four-wheeled waste container is suitable for emptying with the dustcart.

Description

Mobile red 1100-litre plastic waste container (1370 x 1190 x 1470 mm) equipped with Ø 200 mm rubber-tyred castors. The container features galvanized swivel castors, two of which are fitted with wheel brakes. The 1100-litre waste container is certified in accordance with DIN EN 840 and is therefore suitable for all types of refuse collection vehicles equipped with lifting systems compliant with DIN EN 840. The container body and wheel mountings are additionally reinforced, making the container exceptionally durable and capable of withstanding heavy-duty use. It is equipped with special lifting trunnions on both sides. Highly suitable for professional and long-term use, the container body and wheel mountings are extra reinforced, allowing for a maximum payload of 440 kg. Thanks to its smooth inner walls, dirt does not easily adhere, making the waste container easy to clean. The 4-wheel waste container is resistant to acids, weather conditions, and UV radiation.
