## Description

This robust military storage crate is designed in the Euro-standard size of 600 x 400 mm. The hinged lid is equipped with two snap closures, ensuring that the army crate remains securely closed. The box is fully enclosed and features closed handles, allowing for optimal use of the internal space. The lid is made of food-safe plastic, and the military transport box, with its olive green color, is ideal for military applications, tactical gear storage, outdoor activities, and survival use. The survival box is also compatible with other Euro-standard containers, standard pallets, roll containers, and transport trolleys.
