Plastic case - 600 x 400 x H 133 mm - Green - Stacking bin with lid and case handle

Product specifications

External dimensions (L x W x H)	600 × 400 × 133 mm
Internal dimensions (L x W x H)	557 × 356 × 116 mm
Max. stacking load (kg)	250 kg
Capacity	23.2 liter
Handles	Closed
Sidewalls	Closed
Material	PPC
Article number	30.612.KO.8
Weight (kg)	2 kg
Temperature range	-20°C to +50°C, briefly up to +90°C
Color	Green
Bottom	Closed, smooth
European Article Number	7424921229235
Colorcode	PMS 349 C
Load capacity (kg)	20
Quantity per pallet	80
Stacking height (mm)	125

Properties

- **Plastic case with hinged lid and suitcase handle on the front 600 x 400 x H 133 mm (including lid) - part of our SOLID LINE**
- **The lid is hinged and fitted with two snap-slide closures**
- **The closures snap shut when the lid is closed. To open, the lid is unlocked by sliding the closures outwards**
- **When opened, the lid is removable (if designed without hinge reinforcements)**
- **The cases can be stacked with each other, as well as with other Euronorm bins - with or without a lid**
- **Fully closed design - both the walls and the base**
- **With closed handgrips - for optimal volume utilisation and protection against dust etc.**
- **The base is completely smooth and flat for easy cleaning**
- **Can be fitted with plastic insert bins if required**
- **Food-safe and hygienically designed**
- **Options: printing - hinged lids in another colour - hinge reinforcements - foam sheet in the lid**

Description

Case from the SOLID LINE

Plastic case in Euronorm format (600 x 400 x H 133 mm - 23,2 liter). The case consists of a stacking bin, a hinged lid with two snap-slide closures and a suitcase handle on the front, i.e. the long side. Finished in **green** and part of our SOLID LINE.

Application

The SOLID LINE is a product range mainly used **for professional applications**. The case is simple yet efficiently closed with the snap-slide closures, allowing both storage and transport to take place without any problems. As a result, our plastic cases are used in numerous industries. Applications range from presentation cases for product samples to storage cases for delicate tools or measuring instruments. Laboratories and electronics manufacturers also use our plastic cases. In all cases, these are **users looking for a robust and efficient solution for transporting and storing fragile or valuable goods**.

Product details

Thanks to the **standardised dimensions** (600 x 400 mm), the case is **stackable with all other Euronorm cases and stacking bins** and **perfectly compatible** with standardised pallets and mobile plastic trolleys or roll containers.

The case is food-safe, has a **hygienic design** and is fitted with two **closed handgrips** for optimal volume utilisation and to optimally protect the contents from external influences. Designed with a **smooth**, **easy-to-clean base** underside.
