Article number: 6496.000.502 Printing possible

Stacking bin - 200 x 150 x H 145 mm - closed handgrips - smooth base - grey

Product specifications

External dimensions (L x W x H)	200 × 150 × 145 mm
Internal dimensions (L x W x H)	160 × 111 × 140 mm
Max. stacking load (kg)	100 kg
Capacity	3 liter
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	6496.000.502
Weight (kg)	0,27 kg
Temperature range	-20°C to +50°C, briefly up to +90°C
Color	Grey
Bottom	Closed, smooth
Colorcode	RAL 7040
Load capacity (kg)	5
Quantity per pallet	224
Stacking height (mm)	135

Properties

- **Very compact stacking bin - dimensions 200 x 150 x H 145 mm**
- **Fully closed design - both the walls and the base**
- **With closed handgrips - for optimal volume utilisation and protection against dust etc.**
- **The base is completely smooth and flat for good hygiene**
- **Food-safe and hygienically designed**
- **Resistant to temperatures from -20°C to +50°C / briefly up to +90°C during cleaning**
- **For a wide range of applications: industrial and craft use, in logistics and warehouse applications. Also suitable for hospitality and catering, e.g. as a cutlery bin**
- **Suitable for intensive professional use**
- **Options: printing - loose-fit lid**

Description

Very compact Euronorm stacking bin

This plastic stacking bin with Euronorm dimensions of 200 x 150 x H 145 mm is the ideal solution for efficiently storing, sorting and transporting small, lightweight goods. Thanks to its size, this bin is particularly suitable for fine-meshed logistics and warehouse management, for example as a cutlery bin, sorting bin or as part of a modular storage system.

Closed and hygienic design

The stacking bin is fully closed: both the base and the side walls are closed and smoothly finished. This prevents contamination of the contents and makes the bin easy to clean. Thanks to the use of food-safe PP plastic, this stacking bin is suitable for applications where hygiene is essential, such as in the food industry, laboratories or pharmaceuticals.

Efficient use of space

Thanks to its Euronorm dimensions, the bin is perfectly stackable with other Euronorm bins, ensuring efficient use of space in shelving, transport trolleys and storage areas.
