Article number: 30.L622.OH.1 Printing possible

LIGHT stacking crate - 600 x 400 x H 220 mm - fully perforated - grey

Product specifications

External dimensions (L x W x H)	600 × 400 × 220 mm
Internal dimensions (L x W x H)	566 × 366 × 209 mm
Capacity	43 liter
Handles	Open
Sidewalls	Perforated
Material	PPC
Article number	30.L622.OH.1
Weight (kg)	1,37 kg
Temperature range	-20°C to +50°C, briefly up to +90°C
Color	Grey
Bottom	Perforated, reinforced
Colorcode	RAL 7040
Max. load capacity per box	15 kg
Quantity per pallet	40
Stacking height (mm)	212

Properties

- **Modern grey stacking crate in LIGHT version. Dimensions: 600 x 400 x H 220 mm**
- **The LIGHT series is fully perforated - both the walls and the base**
- **The perforations ensure optimal ventilation - helping to prevent spoilage of fresh produce such as fruit and vegetables**
- **Condensation and leaking moisture are drained away through the open construction**
- **The stacking crates can be stacked with each other and also with Euronorm bins without lids**
- **With open handgrips for optimal carrying comfort**
- **Food-safe and hygienically designed - with minimal ribbing**
- **Options: printing - hinged lid**

Description

LIGHT stacking crate

Stacking crate from the **LIGHT series** in a fully **perforated design** - both the walls and the base. The dimensions are **Euronorm** (**600 x 400 x H 220 mm** - 43 liter). This means the stacking crate can be stacked with all other Euronorm bins and crates.

Applications

Our LIGHT series is a modern product line with rounded corners and minimal ribbing, which also reduces the overall weight. This makes LIGHT stacking crates particularly **light and easy to handle** and very **user-friendly**.

As the stacking crates are fully perforated - both the walls and the base - they are ideal for products that need to **ventilate**, such as fruit and vegetables. Any **condensation** or leaking moisture is **drained away** through the open construction.

The open construction also provides good **visibility of the contents**. This is often desirable in both professional and private use. Our LIGHT stacking crates are ideal for private use, while being **stronger and more durable** than standard household crates.
