## Description

Red plastic case with black insert trays. The red case has the Euro standard size of 400 x 300 mm and a height of 133 mm. The case is composed of a red stacking bin, a red hinged lid with two snap-lock fasteners and a foam insert in the lid, a suitcase handle at the front, and black insert trays with a customizable layout. The foam insert in the lid ensures that the insert trays are securely sealed during transport with a closed lid. This prevents the contents from spilling into other insert trays. This makes the case highly suitable for secure storage and transportation of parts and small items. The plastic case can also be stacked with the lid on, along with all other Euro standard cases and stacking bins.
