Product specifications

External dimensions (L x W x H)	1200 × 1000 × 1140 mm
Internal dimensions (L x W x H)	1108 × 897 × 960 mm
Capacity	850 liter
Sidewalls	Closed
Material	HDPE
Article number	83271810.WD
Weight (kg)	57 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Grey
Bottom	Closed, reinforced without central bottom discharge
Max. load capacity per box	1000 kg
Max. static stacking load	4000 kg
Max. dynamic stacking load	1500 kg
Quantity per pallet	2

Properties

- **Plastic pallet box with funnel base on pallet runners - fully plastic**
- **Type: CB3 High funnel box without bottom outlet**
- **Dimensions: 1200 x 1000 x H1140 mm**
- **Load capacity: 1000 kg**
- **Capacity: 850 liter**
- **Material: PE plastic (polyethylene) - both the box and the funnel**
- **Base: Tapered funnel base - centrally positioned**
- **Angle: The sloping base with a 35° incline supports easy emptying without tilting**
- **Application: Ideal for bulk goods such as granules, seeds, grain, dry animal feed, pellets and other small components**
- **Design: Smooth, funnel-shaped interior to promote easy product flow**
- **Stacking: Stable stackable design with integrated stacking lugs on the corners**
- **Stability: Very robust one-piece pallet box, i.e. including the pallet runners**
- **Impact protection: Heavy-duty rib structure all around above the entry openings to prevent impact damage**
- **Food safety: Suitable for direct contact with food**
- **Cleaning: Easy to clean thanks to the smooth design. The plastic is resistant to most cleaning agents and chemicals**
- **Options: Lid - RFID code - QR code or barcode**

Description

This pallet box variant with funnel base, without a bottom outlet and slide valve, is used to vacuum out (valuable) dry bulk goods in a controlled and complete way. The funnel ensures a continuous flow of bulk material towards the centre of the funnel, after which it can be extracted easily at the bottom without residue.

The CB3 High pallet box with funnel base measures 1200 x 1000 x H1140 mm and has a capacity of 850 liter. The inside of the CB3 High box is smooth and has a funnel-shaped lower section with a 35-degree slope. This allows the contents to flow easily towards the centre of the funnel, which is centrally positioned. By vacuuming from the funnel, tilting becomes unnecessary. The pallet box and the entire interior are made from food-grade plastic, so direct contact with food is not a problem.
