Description

Discover the convenient color coding clips by Transoplast, specifically designed to bring organization and efficiency to the world of dishwashing baskets. These clips are perfectly suitable for dishwashing baskets sized 500x500 mm, 530x500 mm, and 600x400 mm. With their simple yet effective design, these clips can easily be attached to all sides of the baskets.

The color coding clips not only offer visual identification but also enable effortless sorting and classification. With a wide range of available colors – from vibrant orange to classic white, or even bold violet and elegant beige – you can quickly and clearly code your baskets, making sorting and identifying content a breeze.

Moreover, these versatile clips can be customized with printing, offering a realm of personalization options for your organization. You can imprint your logo, specific codes (QR- or Barcodes), or other information, making your color coding system not only functional but also brand-specific.

The durable construction of these clips ensures they withstand the challenges of daily use in a professional environment. Efficiency, organization, personalization, and a touch of color are brought together in these convenient Transoplast color coding clips, making your dishwashing process smoother and more streamlined than ever before.
