

# Distribution Bin 600 x 400 x H416mm - Integra

## Product specifications

External dimensions (L x W x H) 600 x 400 x 416 mm

Internal dimensions (L x W x H) 525 x 341 x 386 mm

Capacity 69 liter

Handles Solid

Sidewalls Solid

Material PP

Article number 1330.850.626

Weight (kg) 3,81 kg

Temperature range - 20 to +40

Color Blue

Bottom Smooth

Max. load capacity per box 53 kg

Max. static stacking load 320 kg

Surface Closed

Load capacity (kg) 53

Quantity per pallet 64

## Properties

Protects products from pollution and contamination.

Secured transport with seals and strappable lids.

Automation-friendly with a smooth base.

Interlocking lid prevents loss and hangs vertically when open.

Space-saving stackable and nestable design.

External dimensions: 600 mm x 400 mm x 416 mm.

Usable volume: 69 liters.

Made from polypropylene (PP).

Temperature range: -20 °C to 40 °C.

## Description

The Integra NG 600x400x416mm distribution bin is designed to transport products safely and cleanly. Ideal for non-food industries, e-commerce, and retail applications. The bin features an interlocking lid to prevent loss and a nestable design to save space during return transport. Additionally, the distribution bin is automation-friendly with a smooth flat base suitable for conveyor belts.
