- **Made from high-quality ECO regranulate - suitable for packed food products**
- **Universal version of the EURO H1 - without locating cross**
- **Pallet deck with 7 mm rims for centring loads and empty pallets on top of each other**
- **With fully through openings in the pallet deck for ventilation and moisture drainage**
- **High-quality budget version in the medium-duty segment**
- **Marking, logos or numbering on request; position to be agreed**
- **Options: Pallet lid / pallet cover - fit-on rims - pallet wedges - QR codes and barcodes - RFID transponders - ESD version**

Description

This H1 pallet variant is made from ECO regranulate - a high-quality recycled material with excellent material properties at an attractive price.

Our H1 ECO pallet is almost identical to the EURO H1 pool pallet. The only difference is that the locating cross on the deck is omitted. Because the pallet deck is completely flat, this H1 variant is widely used in combination with packaging, cartons and bagged goods.
