Description

The Euroclick stacking bin with dimensions 400x300x120 mm is a robust and efficient solution for storage and transport across various industries. Thanks to the lightweight design, the bin is easy to handle, while the smooth wall design maximizes the internal capacity to 10 liters and allows for easy cleaning. Ergonomic handgrips on all sides provide comfortable and safe usage. The double base rim minimizes deflection, ensuring smooth movement on conveyor rollers. Rounded corners add extra strength and facilitate easy directional changes on conveyor belts. With optional accessories like the Clickbooster to increase height and the Clickholder for easy identification, this bin offers versatile solutions for a wide range of applications.
