## Description

The Euroclick stacking bin with dimensions 400x300x175 mm is a lightweight and versatile solution for storage and transport across various industries. The smooth wall design maximizes the internal volume to 15 liters while ensuring easy cleaning, making it ideal for applications where hygiene is critical. The bin features ergonomic handgrips on all sides, making lifting and handling comfortable and safe. The double base rim ensures a stable construction, minimizing deflection and allowing smooth movement on conveyor rollers. Rounded corners add strength and make directional changes easier. Optional accessories, such as the Clickbooster to increase the height and the Clickholder for easy identification, provide additional flexibility and convenience.
