Description

The Euroclick stacking bin with dimensions 400x300x270 mm is a versatile and efficient solution for storage and transport across various industrial environments. Made from high-quality PP (Polypropylene), this bin is lightweight yet strong and durable. The smooth walls and straight shape ensure a maximized internal capacity of 24 liters, while ergonomic handgrips on all four sides make lifting and handling easier. The double base rim minimizes deflection and allows for smooth movement on conveyor rollers. With a dynamic load capacity of 150 kg and a static load capacity of 300 kg, this bin is suitable for various heavy-duty applications. Optional accessories like the Clickbooster and Clickholder offer additional flexibility and convenience.
