Description

The Euroclick stacking bin with dimensions 600x400x220 mm is a robust and versatile solution for storage and transport in various industrial environments. Made from high-quality PP (Polypropylene), this bin is lightweight and easy to handle, while the solid construction ensures the necessary strength. The straight wall design maximizes internal volume, providing efficient storage. The bin features ergonomic handgrips on all four sides for comfortable lifting. The smooth walls and base make the bin easy to clean, making it ideal for applications where hygiene is a priority. With a capacity of 41 liters and a dynamic load capacity of 200 kg, this bin is suitable for heavy-duty applications. Optional accessories such as the Clickbooster and Clickholder provide additional flexibility and convenience.
