Description

The Euroclick stacking bin with dimensions 600x400x270 mm is a versatile and efficient solution for storage and transport across various industries. Made from high-quality PP (Polypropylene), this bin features a lightweight yet strong construction. The smooth walls and base make the bin easy to clean, which is ideal for applications where hygiene is crucial. Ergonomic handgrips on all four sides ensure comfortable and safe handling. With a capacity of 51 liters and optimized internal volume due to straight walls, this stacking bin offers maximum storage capacity. The double base rim minimizes deflection and ensures smooth movement on conveyor rollers. Optional accessories like the Clickbooster and Clickholder provide additional flexibility and functionality.
