Description

The Euroclick stacking bin with dimensions 600x400x320 mm is a versatile solution for efficient storage and transport across various industries. Made from high-quality PP (Polypropylene), this bin is lightweight yet durable, helping to reduce transport costs and making it easy to handle. The smooth walls and base make the bin easy to clean, which is ideal for applications where hygiene is essential. Ergonomic handgrips on all four sides provide comfortable and safe lifting. With a capacity of 63.8 liters and straight walls, the internal volume is optimized for maximum storage capacity. The bin has a maximum dynamic load of 150 kg and withstands temperatures from -20 °C to 60 °C. Optional accessories such as the Clickbooster and Clickholder offer additional flexibility and convenience.
