

Euronorm stacking bin - 400 x 300 x H 235 mm - grey

Product specifications

External dimensions (L x W x H) 400 x 300 x 235 mm

Internal dimensions (L x W x H) 355 x 255 x 222 mm

Capacity 20 liter

Handles Closed

Sidewalls Closed

Material PP

Article number 9240.000.522

Weight (kg) 1,27 kg

Temperature range -10°C to +50°C

Color Grey

Bottom Closed, smooth

Max. load capacity per box 20 kg

Max. static stacking load 450 kg

Quantity per pallet 76

Properties

Dimensions: 400x300x235 mm

Material: PP (Polypropylene)

Weight: 1.27 kg

Capacity: 20 liters

Operating temperature: -10 °C to 50 °C

Max static load: 450 kg

Individual load capacity: 20 kg

Smooth walls, easy to clean

Stackable, suitable for automation systems

Closed handgrips on both sides

Description

The stacking bin with dimensions of 400x300x235 mm is designed for versatile use across various industries, such as logistics and manufacturing. Made from high-quality PP (Polypropylene), this bin offers a capacity of 20 liters and can support an individual load of 20 kg with a maximum static load of 450 kg. The solid walls and base provide strength and stability, while the smooth walls make cleaning easy. The stacking bin is suitable for use in automated systems and is compatible with Euro pallets, ensuring efficient logistics. Closed handgrips on both sides provide ergonomic and user-friendly handling. Additionally, the bin is fully recyclable, contributing to sustainability.
