

Euronorm stacking bin - 600 x 400 x H 175 mm - grey - closed

Product specifications

External dimensions (L x W x H) 600 x 400 x 175 mm

Internal dimensions (L x W x H) 555 x 355 x 162 mm

Capacity 32 liter

Handles Closed

Sidewalls Closed

Material PP

Article number 9235.000.522

Weight (kg) 1,72 kg

Temperature range -10°C to +40°C

Color Grey

Bottom Closed, smooth

Max. load capacity per box 20 kg

Max. static stacking load 500 kg

Quantity per pallet 48

Properties

Dimensions: 600x400x175 mm

Material: PP (Polypropylene)

Weight: 1.72 kg

Capacity: 32 liters

Operating temperature: -10 °C to 40 °C

Max static load: 500 kg

Individual load capacity: 20 kg

Closed handgrips on both sides

Solid walls and base

Stackable, suitable for automation systems

Description

The stacking bin with dimensions 600x400x175 mm is designed for versatile use across various industries, such as logistics and manufacturing. With a capacity of 32 liters and a load capacity of 20 kg, this bin is ideal for storing and transporting goods. The solid walls and base ensure maximum stability, and the smooth walls make the bin easy to clean. Made from high-quality PP (Polypropylene), it is resistant to temperatures from -10 °C to 40 °C. The ergonomic design with closed handgrips on both sides makes the bin easy to handle. Additionally, the bin is fully recyclable, contributing to sustainability. The stacking bin is compatible with Euro pallets and suitable for use in automated systems, enhancing logistics efficiency.
