

Euronorm stacking bin - 600 x 400 x H 318 mm - grey - closed

Product specifications

External dimensions (L x W x H) 600 x 400 x 318 mm

Internal dimensions (L x W x H) 555 x 355 x 302 mm

Capacity 60 liter

Handles Closed

Sidewalls Closed

Material HDPE

Article number 9250.V00.522

Weight (kg) 2,88 kg

Temperature range -10°C to +50°C

Color Grey

Bottom Closed, smooth

Max. load capacity per box 20 kg

Max. static stacking load 600 kg

Max. dynamic stacking load 200 kg

Quantity per pallet 28

Properties

Dimensions: 600x400x318 mm

Material: HDPE (High-Density Polyethylene)

Weight: 2.88 kg

Capacity: 60 liters

Operating temperature: -10 °C to 50 °C

Max static load: 600 kg

Max dynamic load: 200 kg

Smooth walls, easy to clean

Stackable, suitable for automation systems

Closed handgrips on short side

Description

The stacking bin with dimensions 600x400x318 mm is designed for versatile use across various industries, such as logistics and manufacturing. Made from high-quality HDPE (High-Density Polyethylene), it withstands temperatures from -10 °C to 50 °C, offering a capacity of 60 liters. The solid walls and base provide strength and stability, with a maximum static load of 600 kg and a dynamic load of 200 kg. The stacking bin is compatible with Euro pallets, enhancing logistics efficiency. The smooth walls allow for easy cleaning, contributing to a hygienic working environment. The bin is fully recyclable and features an ergonomic design, without handgrips on the long side and closed handgrips on the short side, improving usability.
