Description

Fully enclosed Euro-standard stacking container measuring 800 x 600 mm. This robust stacking container is equipped with two comfortable open handles. The reinforced ribbed base prevents the container from sagging under load. The container has a capacity of 165 litres and a height of 415 mm, including the reinforced base. This large-volume container is stackable with all other Euro-standard stacking containers. Thanks to its standardized dimensions, it is perfectly compatible with standardized pallets, dollies, and mobile racks.
