

Euronorm stacking crate - 800 x 600 x H 235 mm - grey

Product specifications

External dimensions (L x W x H) 800 x 600 x 235 mm

Internal dimensions (L x W x H) 760 x 560 x 205 mm

Capacity 87 liter

Handles Open

Sidewalls Perforated

Material HDPE

Article number 9239.720.522

Weight (kg) 3,33 kg

Temperature range -10°C to +50°C

Color Grey

Bottom Perforated

Max. load capacity per box 20 kg

Max. static stacking load 550 kg

Quantity per pallet 18

Properties

Dimensions: 800x600x235 mm

Material: HDPE (High-Density Polyethylene)

Weight: 3.33 kg

Capacity: 87 liters

Operating temperature: -10 °C to 50 °C

Max static load: 550 kg

Individual load capacity: 20 kg

Ventilated walls and base for optimal airflow

Stackable, suitable for automation systems

Open handgrips on both sides

Description

The stackable crate with dimensions 800x600x235 mm is designed for versatile use across various industries, such as logistics and manufacturing. The ventilated design ensures optimal airflow, making it ideal for storing fresh products during storage and transport. Made from high-quality HDPE (High-Density Polyethylene), this crate offers a capacity of 87 liters. With a maximum static load of 550 kg and an individual load capacity of 20 kg, this crate is robust and reliable. The open handgrips on both sides provide easy and ergonomic manual handling. Additionally, the crate is suitable for automated systems and is compatible with Euro pallets, enhancing logistics efficiency. The stackable crate is fully recyclable, contributing to a sustainable working environment.
