Article number: 57.8060LB6FR

Export pallet - 800x600mm - 6 legs - nestable

Product specifications

External dimensions (L x W x H)	800 × 600 × 130 mm
Dynamic load capacity	500 kg
Material	Recycled HDPE
Article number	57.8060LB6FR
Weight (kg)	2,6 kg
Temperature range	-40 °C to +70 °C
Color	Black
Static load capacity	1300 kg
Edge height	5 mm
Quantity per pallet	112

Properties

- **Export pallet on six feet with rim**
- **Suitable for loading packed foodstuffs**
- **Nestable display pallet of 800 x 600 mm**
- **Made from regenerated plastic**
- **Designed for efficient export logistics**
- **Ideal for safely transporting packed foodstuffs**
- **Suitable for use in displays and presentations**
- **Space-saving design allows nesting for compact storage**
- **Durable material provides long-lasting performance and reuse options**

Description

Nestable plastic pallet measuring 800 x 600 mm. Designed with six feet. The lightweight version made from recycled material is suitable for exporting goods, display applications, and the storage of packaged food products or, for example, tyres.
When empty, the pallets can be efficiently nested, saving valuable storage space. The pallet is lightweight, impact-resistant and stable.
Exporting goods on a plastic pallet is more hygienic than using a wooden pallet, as plastic pallets do not absorb moisture and are not susceptible to pests or bacteria. An IPPC pallet certificate is also not required for countries that are signatories to the IPPC Convention.
