Article number: 40.VERHP

Extension foot / insert foot Ø 68 mm - solid plastic - black

Product specifications

External dimensions (L x W x H)	110 mm
Material	Recycled HDPE
Article number	40.VERHP
Weight (kg)	0,28 kg
Temperature range	-30°C to +50°C, briefly up to +90°C
Color	Black

Properties

- **Extension foot, outer diameter Ø 68 mm - made from solid PE plastic**
- **Used in hollow plastic feet - internal diameter Ø 53-60 mm - of 210 litre and 400 litre transport bins or Multi Purpose containers**
- **The extension feet raise the height of the bin by 45 mm**
- **Extension feet reinforce the hollow feet and prevent wear**
- **After installation, hollow feet are completely solid and closed**
- **During initial installation, the element is inserted into the hollow foot and fixed and sealed all around with PE welding rod**
- **Retrofitted installation is also possible using (stainless steel) chipboard screws**
- **Also available as food-grade version**

Description

Extension foot made of solid PE plastic. **Used in 210 litre and 400 litre transport bins or Multi Purpose containers**. Accessory for reinforcing and increasing the height of hollow feet. After installation, the foot is completely solid and closed. Suitable for hollow plastic feet with an internal diameter of 53-60 mm. During installation, the extension foot is inserted into the hollow foot and then fixed and sealed all around with PE welding rod.

The feet increase the height of the bin by 45 mm. In addition, the solid extension feet prevent wear on the hollow foot of the bin. This significantly extends the service life of the bin.
