- **The fillet structure consists of a solid blue worktop (HDPE) measuring 800 x 450 x 20 mm.**
- **The casing is made of solid 10 mm plastic - natural white. Height: 100 mm.**
- **The casing is screwed to the worktop on three sides (in stainless steel).**
- **Completely smooth and hygienically finished, making it easy to clean.**

Description

Plastic fish fillet tray / herring cleaning tray (820 x 460 x H 390 mm - 60 liters). Comprised of a fish crate (60 liters) without drainage holes at the bottom and a detachable plastic fillet structure. The fillet structure consists of a blue plastic worktop with an attached white plastic raised edge. The plastic worktop is equipped with a waste inlet on the right rear side. The inlet of the fillet structure (Ø 100 mm) can also be placed on the right front or at another position on the worktop. You can find our fish fillet trays wherever quality products need to be prepared hygienically and efficiently.
