Article number: 10.1308.F2.0 Printing possible

Foldable pallet box type Smartbox 1308.F2 - perforated - 1200 × 1000 mm - on 2 runners - ivory white/black

Product specifications

External dimensions (L x W x H)	1200 × 1000 × 805 mm
Internal dimensions (L x W x H)	1120 × 920 × 660 mm
Capacity	720 liter
Sidewalls	Entirely smooth, perforated, collapsible
Material	HDPE
Article number	10.1308.F2.0
Weight (kg)	46 kg
Temperature range	-30 °C to +40 °C, briefly up to +90
Color	White
Bottom	Perforated bottom, resting on 2 skids
Max. load capacity per box	850 kg
Max. static stacking load	6350 kg
Max. dynamic stacking load	850 kg
Quantity per pallet	8

Properties

- **Smartbox foldable plastic pallet box type 1308.F2, size 1200 × 1000 × H805 mm**
- **Walls and base are perforated**
- **Perforated pallet base fitted with 2 pallet runners**
- **Made from thick-walled plastic, making it particularly robust and impact-resistant**
- **When folded, a volume reduction of 65% is achieved**
- **Folded height: 298 mm - stacked height: 268 mm**
- **Easy to repair in case of damage with separately available spare parts**
- **At end of service life, the Smartbox is 100% recyclable**
- **Options: lid - drop door long side - drop door short side - drop door long + short side - underside with 4 feet or 3 pallet runners - closed version**

Description

The foldable Smartbox type 1308.F2 is designed for efficient return logistics. When empty, the Smartbox can be folded down easily, reducing transport volume by more than 65%. The same benefits also apply when storing empty units, saving a significant amount of space - an important advantage since warehouse space is valuable. The Smartbox is widely used in industrial logistics thanks to its particularly robust design. Because the Smartbox is made from virgin HDPE, direct contact with food is not a problem. This makes the food sector a well-known user of this Smartbox.
