Material	PP
Article number	50.NK.120.P
Color	Blue
Bottom	Open and especially reinforced, so suitable for use in basket transport machines with transport hooks

Properties

- **Suitable for use in basket transport machines with transport hooks**
- **You may easily determine suitable basket layout and height using the size chart. Receive your own size chart by calling us or filling in the contact form**
- **The basket height may be made exactly to size**
- **Glass basket 50.NK.120 is supplied with subdivision in the lower basket and an upper frame without subdivision**
- **Open construction for optimum washing result**

Description

Glass basket (500 x 500 mm) with height precisely adjusted to glass height. Basket height ranging from 149 mm to 219 mm, suitable for glass heights from 130 mm to 190 mm, for glasses without a foot. This basket variant comes with compartment dividers in the bottom basket. The top rim is not equipped with compartment dividers. The basket has four-sided slots for color clips for content indication, etc. The bottom is open and specially reinforced, making the basket suitable for use in basket transport machines with transport hooks. Side walls and bottom have an open construction for optimal rinsing results and faster drying process. In short: our baskets act as a "custom fit" for your glassware and other porcelain, preventing breakage and waste of valuable storage space. The open construction also ensures rinsing results that will make you shine.
