Glass basket 500x500mm blue - maximum glass height 110 mm - with yellow 4x4 compartmentalization - maximum glass diameter 113mm

Product specifications

External dimensions (L x W x H)	500 × 500 × 149 mm
Internal dimensions (L x W x H)	465 × 465 × 110 mm
Handles	4-sided - open, for increased wearing comfort
Sidewalls	Open, for optimal cleaning results and a faster drying process.
Material	PP
Article number	50.NK.110.115145.4X4L
Temperature range	-15°C to + 90°C
Color	Blue
Bottom	Open and especially reinforced, so suitable for use in basket transport machines with transport hooks
Maximum glass height	110
Maximum Ø glass	113

Properties

- **Our baskets ensure safe transportation and efficient storage of your glassware and tableware.**
- **The open design of the basket provides optimal cleaning results.**
- **Suitable for glass heights up to 73 mm (basket height 100 mm).**
- **Glass basket 50.NK.100 comes with a pre-installed green 3x3 compartmentalization.**
- **The basket has four-sided slots for color clips, intended for content labeling, etc.**
- **Suitable for use in basket transport machines with transport hooks.**

Description

The glass basket 50.NK.110.115145.4X4L consists of a base basket with a yellow 4x4 compartmentalization for glasses. The maximum diameter of the glass determines which compartmentalization is suitable. Measure the widest point of the glass for this purpose. Please note that the widest point of the glass is not always at the bottom or top.
The glass basket with dimensions of 500 x 500 x H 100 mm has an internal height of 110 mm. Glasses with a height of up to 110 mm can fit in this basket, such as shot glasses and whiskey glasses. The basket is also suitable for coffee cups and soup bowls. Thanks to its open basket design, rinsing water and drying air have excellent access to the glassware and porcelain.
The dishwashing baskets thus achieve optimal cleaning results and a faster drying process. Moreover, the bottom is specially reinforced, allowing the basket to rotate in a basket transport machine with transport hooks. Transoplast's glass baskets are exceptionally durable and have the best references in the market.
