Glass basket 500x500mm blue - maximum glass height 150 mm - with orange 30-compartment division - maximum glass Ø 81mm

Product specifications

External dimensions (L x W x H)	500 × 500 × 189 mm
Internal dimensions (L x W x H)	465 × 465 × 150 mm
Handles	4-sided - open, for added wearing comfort
Sidewalls	Open, for optimal washing results and a faster drying process
Material	PP
Article number	50.NK.121.125155.30V
Temperature range	-15°C to + 90°C
Color	Blue
Bottom	Open and extra reinforced, making it suitable for high loads and for use in basket transport machines with transport hooks.
European Article Number	7424901366387
Maximum glass height	150
Maximum Ø glass	81

Properties

- **Our baskets guarantee safe transport and efficient storage of your glassware and tableware.**
- **The open design of the basket ensures optimal washing results.**
- **Determine the appropriate basket layout and height easily with the size chart. Request a size chart by calling or filling out our contact form.**
- **The basket has 4-sided receptacles for color clips (see accessories).**
- **Color clips can be clicked into the basket on all four sides, for example, to indicate contents.**
- **Suitable for use in basket transport machines with transport hooks.**

Description

The glass basket 50.NK.121.125155.30V consists of a base basket with an orange 30-compartment division. The maximum diameter of the glass determines which compartmentalization is suitable. Measure the widest point of the glass for this purpose. Note: the widest point of the glass is not always at the top or bottom.
The glass basket with dimensions of 500 x 500 x H 100 mm has an internal height of 150 mm. Glasses with a height of up to 150 mm can fit in this basket, such as shot glasses and whiskey glasses. The basket is also suitable for coffee cups and soup bowls. Due to the open basket design, washing water and drying air have very good access to glassware and porcelain. The dishwasher baskets thus achieve optimal washing results and a faster drying process. Moreover, the bottom is specially reinforced, allowing the basket to rotate in a basket transport machine with transport hooks. Transoplast glass baskets are exceptionally durable and have the best references in the market.
