Product specifications

External dimensions (L x W x H)	600 × 400 mm
Material	PP
Article number	50.CR.620.P.24.10
Color	Black
Maximum Ø glass	88

Properties

- The depicted basket variant is equipped with a top frame, assembled with tube extenders.
- Exclusive color variant designed for the event sector.
- The BLACK LINE glass basket features a 24-compartment division, both in the base basket and in the top frame. Maximum glass diameter: 88 mm.
- The basket height is precisely adjusted to the glass height. Suitable for glasses ranging from 110 to 230 mm.
- Clixrack glass baskets ensure safe transportation and storage of your glassware and tableware.
- The open construction of the baskets ensures optimal rinsing results.
- The Clixrack system offers a wide range of standard compartment divisions.
- The type of compartment division for the Clixrack depends on the glass diameter. A sizing chart easily determines the suitable basket layout. Contact us to receive the sizing chart.
- Do you know the height and diameter of your glass or tableware? Provide this information to our product advisors. They will gladly advise you on the most optimal solution for you.
- Clixrack glass baskets have Euro-standard dimensions, fitting onto mobile bases sized 600 x 400 mm, on roll containers measuring 600 x 800 mm, on Euro pallets 1200 x 800 mm, and on Industry pallets 1200 x 1000 mm.
- Clixrack dishwasher baskets are stable and stackable with most Euro-standard stacking crates sized 600 x 400 mm. Crates sized 400 x 300 mm can be stacked on the Clixrack baskets.
- Clixrack baskets feature receptacles on all four sides for color clips, intended for content labeling, etc.
- The double bottom construction makes the dishwasher basket suitable for use in basket transport machines with transport hooks.

Description

Clixrack glass basket/dishwasher basket (600 x 400 mm) from the BLACK LINE series. Exclusive color variant with the desired appearance for use in the event sector. Equipped with top edge and assembled with tube extenders. Featuring compartments for 24 glasses (max. Ø 88 mm), both in the base basket and in the top edge. The basket is precisely adjusted to the height of the glassware, ranging from 110 to 230 mm. Clixrack baskets have receptacles on all 4 sides for color clips for labeling or indicating contents. Clixrack baskets are stable and stackable with each other, as well as with other Euro-standard crates and containers. Thanks to their Euro-standard size, they fit perfectly on mobile bases, roll containers, or (plastic) pallets. With appropriate plastic dividers, Clixrack baskets protect fragile contents effectively. The open construction of the basket ensures optimal rinsing results and faster drying. In short: cost-effective cleaning, secure transportation, and space-saving storage of glassware and tableware can now be achieved with a single basket.
