

Glass crate BASIC - 600 x 400 x H 130 mm for 40 glasses - max. height 103 mm - max. Ø 65 mm

Product specifications

External dimensions (L x W x H)	600 × 400 × 130 mm
Internal dimensions (L x W x H)	568 × 368 × 115 mm
Capacity	24 liter
Handles	Open (four openings)
Sidewalls	Perforated
Material	HDPE
Article number	30.113.5x8.U
Weight (kg)	1,86 kg
Temperature range	-40°C to +70°C
Color	Grey
Bottom	Perforated, reinforced
European Article Number	7424913889843
Maximum glass height	103
Maximum Ø glass	65
Quantity per pallet	72

Properties

Glass dimensions are crucial when choosing the crate; measure the height and diameter at the widest point.

Plastic glass crate for 40 glasses or cups, sized 600x400 mm and 130 mm high.

Suitable for cleaning, storage, and transport of glassware and tableware with a maximum glass height of 103 mm and maximum Ø of 65 mm.

Crate size and arrangement are determined by the content. If the glass is taller than 103 mm or wider than Ø 65 mm, choose another crate from this series. We are happy to advise you.

The crate with compartments offers 40 individual spots for glasses and cups. The glasses do not touch each other, thus ensuring optimal protection against scratches and breakage during cleaning, storage, and transportation.

Thanks to the coarsely perforated side walls and bottom, the rinse water and cleaning agent have easy access to the crate's contents, ensuring that the glassware is completely clean after washing.

Stackable glass crates that perfectly complement other tray racks and stacking crates with Euronorm dimensions. These crates can be stored and transported without losing space on standardized supports, roll containers, and pallets. For more information, please contact our product advisors.

Description

Please note before ordering!

The dimensions of the glass are crucial in choosing the crate. Measure the height of the glass and the diameter at the widest point.

Plastic glass crate for 40 glasses or cups. Sized at 600x400 mm with a height of 130 mm. The glass crate is suitable for cleaning, storage, and transportation of glassware and tableware with a maximum glass height of 103 mm and a maximum Ø of 65 mm. The size and layout of the crate are determined by its content. If the glass is taller than 103 mm or wider than Ø 65 mm, consider another glass crate in this series. We are happy to advise you.

The glass crate with compartmentalization provides 40 individual spots for glasses and cups. The glasses do not touch each other, thus being optimally protected against scratches and breakage during cleaning, storage, and transportation. Thanks to the coarsely perforated side walls and bottom, rinse water and detergent have easy access to the crate's content. Therefore, the glassware is completely clean after cleaning in the glass crate.

The glass crates are stackable and perfectly combinable with other tray bins and stacking crates with Euronorm dimensions. Moreover, these glass crates can be stored and transported without losing space on standardized supports, roll containers, and pallets. For further information, please contact our product advisors.
