Article number: 83200801 Printing possible

Half Euro pallet CR2 - 800 x 600 mm - with 7 mm raised rims - 3 skids - grey

Product specifications

External dimensions (L x W x H)	800 × 605 × 160 mm
Dynamic load capacity	500 kg
Material	HDPE
Article number	83200801
Weight (kg)	7,5 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Grey
Static load capacity	2000 kg
Edge height	7 mm
Quantity per pallet	30

Properties

- **The CR2 pallet is a medium-duty plastic pallet in a half Euro size (800 x 600 mm)**
- **Ideal for general pallet logistics in retail, wholesale and the automotive sector. Not suitable for automated pallet logistics**
- **The CR2 pallet weighs only 7.5 kg - making it very easy to handle. Highly valued in trade and supply chains**
- **The entry width on the short side is 555 mm, making the pallet 4-way entry**
- **Both the top of the deck and the underside of the skids feature a Lego-style structure - for accurate centring of CR2 pallets when stacked**
- **Suitable for direct food contact**
- **Marking, logos or numbering on request; location to be agreed**
- **Options: pallet lid / pallet cover - QR codes and barcodes - version without rims - with 7 mm or 22 mm deck rims**

Description

The CR2 is a half Euro pallet (800 x 605 mm) for medium applications. It is well suited for light to medium-duty pallet logistics - wherever automated systems are not used. With a low tare weight of just 7.5 kg, the pallet is particularly easy to handle. The 3 skids are positioned on the short side, i.e. transversely. Even so, the entry width on the short side is still large enough (555 mm), meaning hand pallet trucks can also be used without any issues.

The CR2 pallet deck features a textured relief pattern to help prevent loads from sliding. Empty CR2 pallets are also centred perfectly thanks to the raised rims and the Lego-style structure on both the deck and the underside of the skids. This ensures CR2 pallets stack neatly on top of each other.

The CR2 pallet with 7 mm rims is designed for efficient transport of Euronorm stackable bins. For additional centring of a full pallet load with stackable bins, we supply a pallet lid 800 x 600 mm.
