Hygiene crate - 460 x 330 x H 200 mm - AZ crate

Product specifications

External dimensions (L x W x H)	460 × 330 × 200 mm
Internal dimensions (L x W x H)	375 × 285 × 195 mm
Capacity	30 liter
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	68.1100.1001
Weight (kg)	1,25 kg
Temperature range	-25°C to +70°C
Color	White
Bottom	Closed, smooth

Properties

- **Dimensions: 460 x 330 x H 200 mm**
- **Capacity: 30 liters**
- **Color options: natural white**
- **Fully closed design**
- **Smooth bottom**
- **Widely used in special applications in the food and pharmaceutical sectors**

Description

The stackable container, measuring 460 x 330 x H 200 mm with a capacity of 30 liters, is available in natural white or gray. This container is designed in a fully closed configuration with a smooth bottom. Its compact size and closed construction make it ideal for special applications in both the food and pharmaceutical sectors.

This stackable container is designed with hygiene and efficiency in mind, making it widely used in environments where strict standards apply to the storage and transport of products. The closed design protects the contents from dust, dirt, and potential contaminants, while the smooth bottom allows for easy stacking and cleaning.

Thanks to its versatility and reliability, this stackable container has become an essential part of daily operations in the food and pharmaceutical industries. Whether storing ingredients, transporting medicines, or organizing small parts, this stackable container provides a safe and efficient solution for various applications.
