Industrial pallet CR3 ECO - 1200 x 1000 mm - with rims 5 - with anti-slip strips

Product specifications

External dimensions (L x W x H)	1200 × 1000 × 160 mm
Dynamic load capacity	1250 kg
Material	Recycled ECO-HDPE
Article number	83335202
Weight (kg)	20 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Black
Static load capacity	5000 kg
Edge height	5 mm
Load capacity in racks	850
Quantity per pallet	15

Properties

- **The CR3's anti-slip strips prevent loads sliding off and mutual sliding of empty pallets**
- **Raised rims around the CR3 prevent the load sliding off and mutual sliding of empty pallets**
- **CR3 with three runnersr lengthwise, underside of chocks and runners open (ribbed)**
- **CR3 is extra strong due to oblique connection between the runners and the chocks**

Description

Our industrial pallet CR3 is designed as a reliable and functional solution for general logistics applications in the heavy-duty segment. With dimensions of 1200 x 1000 x H 160 mm and a particularly robust construction, this pallet provides a solid foundation for transport and storage—wherever high demands are placed.

Safety is central to the design of the CR3. The pallet deck is equipped with raised rims and 5 anti-slip strips, ensuring that both empty pallets and loaded goods remain safely centred.

The pallet features 3 strong longitudinal skids. Blocks and skids are open (ribbed). These characteristics ensure sufficient load capacity and smooth handling when transporting various types of goods.

With a static load capacity of 5000 kg, a dynamic load capacity of 1250 kg, and 850 kg racking capacity, the CR3 offers ample strength for most logistics applications.

This CR3 version is manufactured from ECO regranulate — a high-quality recycled material with excellent performance properties at an attractive price.

In summary, the CR3 industrial pallet is a robust and functional pallet suitable for a wide range of logistics applications. If we have sparked your interest, please contact us. We will be happy to arrange a demonstration.
