Industrial pallet CR3 ECO - 1200 x 1000 mm - with 3 pallet skids - with 5 mm rims

Product specifications

External dimensions (L x W x H)	1200 × 1000 × 160 mm
Dynamic load capacity	1250 kg
Material	Recycled ECO-HDPE
Article number	83335241
Weight (kg)	19,5 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Black
Static load capacity	5000 kg
Edge height	5 mm
Load capacity in racks	850
Quantity per pallet	15

Properties

- **Equipped with 3 longitudinal pallet skids; undersides of blocks and skids open (ribbed)**
- **Made from ECO regranulate - suitable for packed food products**
- **5 mm raised rims prevent loads from slipping and prevent empty pallets from sliding on each other**
- **The CR3 ECO is extra strong thanks to the angled connection between the skids and the blocks**
- **Racking load capacity up to 850 kg**
- **Marking, logos or numbering on request; location to be agreed**
- **Options: Pallet lid / pallet cover - QR codes and barcodes - RFID transponders**

Description

Our CR3 industrial pallet was designed as a reliable and functional solution for general logistics applications in the heavy-duty segment. With a size of 1200 x 1000 x H 160 mm and a particularly robust construction, this pallet provides a solid base for transport and storage - wherever high requirements apply.
Safety is central to the CR3 design. The pallet deck is fitted with raised rims. This safely centres empty pallets on top of each other and, of course, the load as well.
The pallet is equipped with 3 robust longitudinal pallet skids. The undersides of the blocks and skids are ribbed. These features ensure sufficient load capacity and smooth handling when moving different types of loads.
With a static load capacity of 5000 kg, a dynamic load capacity of 1250 kg and a racking capacity of 850 kg, this CR3 offers ample strength for most logistics applications.
This CR3 version is made from ECO regranulate - a high-quality recycled material with excellent material properties at an attractive price.
In short, the CR3 industrial pallet is a robust and functional pallet for a wide range of logistics applications. If we have sparked your interest, please contact us. We will be happy to arrange a demonstration.
