- **The cylindrical drums are stackable with lid**

Description

Convenient Overlay Lid for 200-Liter Cylinder Drums

Looking for a practical solution to seal your cylinder drums? Our overlay lid with a diameter of Ø 745 x 70 mm is exactly what you need. This lid is specially designed for 200-liter cylinder drums (item no. 81481010) and comes in a classic white color.

Easily Stackable Design

One of the most convenient features of this overlay lid is that the cylinder drums with lid are stackable. This not only saves space but also makes transportation and storage more efficient. Whether you're in your warehouse, workshop, or industrial environment, this lid makes organizing your storage space a breeze.
