

Multi Purpose container with lid - 210 liter - on feet - with rim reinforcement - dark grey/orange

Product specifications

External dimensions (L x W x H)	810 x 675 x 775 mm
Internal dimensions (L x W x H)	725 x 540 x 575 mm
Capacity	210 liter
Sidewalls	Closed, smooth
Material	Recycled HDPE
Article number	81025850
Weight (kg)	13,5 kg
Temperature range	-30°C to +40°C / briefly up to +90°C
Color	Grey
Bottom	Closed, smooth
European Article Number	7424905369377
Max. load capacity per box	210 kg
Quantity per pallet	16

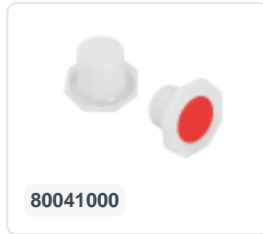

Properties

- Multi Purpose container 210 liter
- With hinged plastic lid
- Latched and optionally lockable
- Hinges made of plastic/stainless steel
- With galvanised rim reinforcement
- Fitted with a 19mm outlet with screw cap
- Made of smooth-walled, robust HDPE
- UV- and weather-resistant - freeze-resistant down to -30°C
- Resistant to most chemicals and common cleaning agents

Description

Multi Purpose container (MP container, dimensions 810 x 675 x H715 mm - 210 liter) used as a transport bin or grit salt bin. The bin is fitted with a hinged lid that is latched. The side walls and base of the large-volume container are fully closed and seamlessly smooth. Because the bin is made from homogeneous HDPE, it is impact-resistant and freeze-resistant down to -30°C. This makes it highly suitable for use as a grit salt bin.
