

# Multi Purpose container with lid - 400 liter - on feet - with rim reinforcement - green/orange

## Product specifications

External dimensions (L x W x H)	968 x 776 x 930 mm
Internal dimensions (L x W x H)	875 x 695 x 705 mm
Capacity	400 liter
Sidewalls	Closed, smooth
Material	Recycled HDPE
Article number	81015550
Weight (kg)	21 kg
Temperature range	-30°C to +40°C / briefly up to +90°C
Color	Green
Bottom	Closed, smooth
Max. load capacity per box	400 kg
Quantity per pallet	8

## Properties

Multi Purpose container 400 liter

With hinged plastic lid

Latched and optionally lockable

Hinges made of plastic/stainless steel

With galvanised rim reinforcement

Fitted with a 19mm outlet with screw cap

Made of smooth-walled, robust HDPE

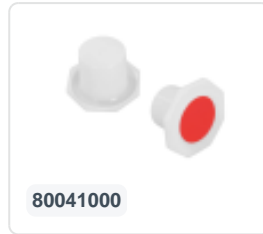

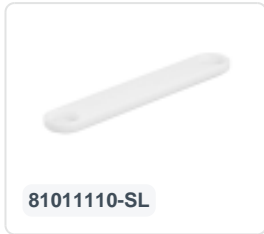

UV- and weather-resistant - freeze-resistant down to -30°C

Resistant to most chemicals and common cleaning agents

## Description

Multi Purpose container (MP container, dimensions 968 x 776 x H930 mm - 400 liter) used as a transport bin or grit salt bin. The bin is fitted with a hinged lid that is latched. The side walls and base of the large-volume container are fully closed and seamlessly smooth. Because the bin is made from homogeneous HDPE, it is impact-resistant and freeze-resistant down to -30°C. This makes it highly suitable for use as a grit salt bin.
