

Multi Purpose container with lid - 400 liter - on feet - with rim reinforcement - dark grey/orange

Product specifications

External dimensions (L x W x H)	968 x 776 x 930 mm
Internal dimensions (L x W x H)	875 x 695 x 705 mm
Capacity	400 liter
Sidewalls	Closed, smooth
Material	Recycled HDPE
Article number	81015850
Weight (kg)	21 kg
Temperature range	-30°C to +40°C / briefly up to +90°C
Color	Grey
Bottom	Closed, smooth
Max. load capacity per box	400 kg
Quantity per pallet	8

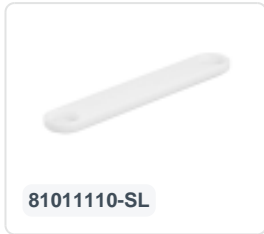

Properties

- Multi Purpose container 400 liter
- With hinged plastic lid
- Latched and optionally lockable
- Hinges made of plastic/stainless steel
- With galvanised rim reinforcement
- Fitted with a 19mm outlet with screw cap
- Made of smooth-walled, robust HDPE
- UV- and weather-resistant - freeze-resistant down to -30°C
- Resistant to most chemicals and common cleaning agents

Description

Multi Purpose container (MP container, dimensions 968 x 776 x H930 mm - 400 liter) used as a transport bin or grit salt bin. The bin is fitted with a hinged lid that is latched. The side walls and base of the large-volume container are fully closed and seamlessly smooth. Because the bin is made from homogeneous HDPE, it is impact-resistant and freeze-resistant down to -30°C. This makes it highly suitable for use as a grit salt bin.
