Pallet lid 1200 x 1000 mm - for use with Euro standard bins - basalt grey

Product specifications

External dimensions (L x W x H)	1200 × 1000 × 82 mm
Material	Recycled HDPE
Article number	83299800
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Grey
Quantity per pallet	30

Properties

- **Robust pallet lid 1200 x 1000 mm made from recycled HDPE**
- **For use with non-food products**
- **Also suitable for use with packaged food products**
- **Lid size including rims: 1222 x 1022 x 82 mm**
- **Centres a complete pallet load with Euro standard bins (5 units of 600 x 400 mm per layer)**
- **Suitable for all common Euro standard bin ranges (VDA-KLT, E bins, etc.)**
- **Creates a stable transport unit**
- **Prevents product damage and contamination**
- **Ensures fire-safe use of (high-bay) warehouses with sprinkler systems**
- **With centring rims on the pallet lid on both short sides. This allows another pallet to be placed on the lid without slipping off**
- **With provisions for applying lashing straps**
- **Pallet lids are nestable. Nesting height 30 mm**
- **Options: QR codes and barcodes - RFID transponders - lid version in food-grade quality**

Description

The pallet lid 1200 x 1000 mm is designed to centre Euro standard bins on a Euro pallet. The pallet lid fits completely over 5 bins of 600 x 400 mm. Because the lid closes perfectly, a stable transport unit is created. Using this pallet lid also allows another pallet to be stacked on top. Centring rims on both short sides of the pallet lid secure this pallet in place. This enables multiple pallet units to be stacked stably, without sliding off each other.
The pallet lid is equipped with integrated strapping channels for banding, both lengthwise and crosswise. This allows the pallet load to be additionally secured easily with lashing straps.
The pallet lid can be used in combination with a wide range of Euro standard bins: VDA-KLT automotive bins, E bins, CBL crates, Euro standard storage bins, etc.
