Article number: 55.QP1210LB9FR

Export pallet / Euro pallet 1210LB - 1200 × 1000 mm - with 9 feet - with 5 mm rims - nestable - open deck - standard recycled material - black

Product specifications

External dimensions (L x W x H)	1200 × 1000 × 150 mm
Dynamic load capacity	1000 kg
Material	Standard regenerate
Article number	55.QP1210LB9FR
Weight (kg)	6,6 kg
Temperature range	-20°C to +40°C, briefly up to +90°C
Color	Black
European Article Number	7424901911976
Static load capacity	2500 kg
Edge height	5 mm
Quantity per pallet	55

Properties

- **Plastic industrial pallet with dimensions 1200 × 1000 × H 150 mm**
- **Lightweight version, yet loadable up to 1000 kg**
- **With an open deck**
- **Nestable design with 9 feet**
- **Highly space-saving and cost-effective**
- **Lightweight, stable and easy to handle**
- **Ideal for goods export (also for packaged food products)**
- **Produced from standard recycled material**
- **Does not absorb moisture and does not develop mould**
- **For smooth export to IPPC countries in accordance with ISPM 15**
- **No treatment against unwanted insects and other pests is required**
- **Options: loose pallet runners (to be ordered separately)**

Description

Plastic pallet type 1210LB is a lightweight industrial pallet with an open deck. Because the pallet is nestable, it saves volume and is therefore particularly efficient and cost-effective. The pallet is fitted with 9 feet. Optionally, however, pallet runners can be clipped on. This is usually done shortly before the pallet is put into use. The pallet runners are therefore supplied loose, but must be ordered separately.
