

Plastic Flexibeam trolley - 1380x600xH1450mm - vertical - grey

Product specifications

External dimensions (L x W x H)	800 × 700 × 1350 mm
Material	PVC
Article number	KS-RECR.FLEXIBEAM.VERT
Weight (kg)	12 kg
Temperature range	-40°C to +40°C (up to +80°C for short-term use during cleaning)
Color	Grey

Properties

Designed in accordance with HACCP guidelines

Equipped with four plastic swivel castors, two of which have brakes

Dimensions: 80 x 70 x 135 cm (L x W x H)

Description

The **vertical Flexibeam trolley** is a practical solution for neatly storing and easily transporting flexibeams. Its vertical design allows multiple flexibeams to be stored compactly, taking up minimal floor space while keeping them easily accessible. The trolley is particularly suitable for swimming pools, leisure centres, sports facilities and other locations where flexibeams are frequently used. The sturdy plastic base plate provides a stable surface and keeps the flexibeams securely in place during transport and storage. This makes it easy to collect, store and move the equipment to the required location. The durable plastic construction is low-maintenance and easy to clean, making the trolley ideal for use in humid environments. With its practical design, this plastic Flexibeam trolley helps ensure the tidy, safe and organised storage of swimming and recreational equipment.
