

Article number: KS-RECR.FLEXIBEAM.HOR

Plastic material trolley - 1380 x 600 x H 1450 mm - for Flexibeam and other swimming equipment - grey

Product specifications

External dimensions (L x W x H)	1380 × 600 × 1450 mm
Material	PVC
Article number	KS-RECR.FLEXIBEAM.HOR
Weight (kg)	15 kg
Temperature range	-40°C to +40°C, briefly up to +80°C
Color	Grey

Properties

Plastic material trolley for the organised horizontal storage of Flexibeam

Dimensions 1380 x 600 x H 1450 mm - grey with dark grey accents

Space for three stacking bins 600 x 400 x H 421 mm, type 30.142.01100.15

Made from high-quality plastic and therefore highly resistant to chemicals - for example salts and chlorine

Impact-resistant and shock-resistant plastic that is also corrosion-free and durable

Hygienic, easy to clean and food-safe

Fitted with 4 plastic swivel castors with rubber tread, 2 of which are braked - for stable positioning

Particularly easy to move thanks to the lightweight construction

Option: green with dark grey accents

Description

The **plastic material trolley** has been developed for the **horizontal storage** and easy movement of **Flexibeams** and related materials. Thanks to its practical layout, different types of equipment can be combined in one compact, mobile storage solution. The upper section of the trolley provides space for compact storage of Flexibeams. This keeps them neatly together and easily accessible when needed. The lower section provides space for **three stacking bins** measuring **600 x 400 x H 421 mm**. These bins can be used to store other swimming equipment and accessories, but must be **ordered separately**. With dimensions of **1380 x 600 x H 1450 mm**, the Flexibeam trolley offers generous storage capacity without taking up unnecessary floor space. The trolley is fitted with **four plastic swivel castors, two of which are braked**. This makes it easy to move and then secure in the desired position. The use of high-quality plastic makes the trolley highly resistant to chemicals and particularly suitable for environments containing **chlorine** and **salts**. In addition, the material trolley is highly **impact-resistant, corrosion-free** and very **easy to clean**.
