

Plastic material trolley - 800 x 700 x H 1350 mm - for Flexibeam (upright) - grey

Product specifications

External dimensions (L x W x H)	800 × 700 × 1350 mm
Material	PVC
Article number	KS-RECR.FLEXIBEAM.VERT
Weight (kg)	12 kg
Temperature range	-40°C to +40°C, briefly up to +80°C
Color	Grey

Properties

Plastic material trolley for organised storage of Flexibeam in an upright position

Dimensions 800 x 700 x H 1350 mm - grey with dark grey accents

Made from high-quality plastic and therefore highly resistant to chemicals - for example salts and chlorine

Impact-resistant and shock-resistant plastic that is also corrosion-free and durable

Hygienic, easy to clean and food-safe

Fitted with 4 plastic swivel castors with rubber tread, 2 of which are braked - for stable positioning

Particularly easy to move thanks to the lightweight construction

Option: green with dark grey accents

Description

The **plastic material trolley** for **upright Flexibeams** is a practical solution for the organised storage and easy movement of Flexibeams. Thanks to the vertical arrangement, the Flexibeams can be stored **compactly**, taking up little floor space while remaining easily accessible. The sturdy **plastic base plate** provides a stable surface and helps keep the Flexibeams securely in place during transport and storage.

The trolley is particularly suitable for use in swimming pools, leisure centres and sports facilities. The use of high-quality plastic makes the trolley highly resistant to chemicals and particularly suitable for environments containing **chlorine** and **salts**. In addition, the material trolley is highly **impact-resistant**, **corrosion-free** and very **easy to clean**.

With its practical construction, this plastic Flexibeam trolley provides safe and organised storage for swimming and leisure equipment.
