

Article number: 83320801.DUOL3S

Printing possible

Plastic pallet D3-DUO - 2400 x 1000 mm - with rims 7 mm - 3 pallet runners - reinforced

Product specifications

External dimensions (L x W x H)	2400 x 1000 x 150 mm
Dynamic load capacity	1000 kg
Material	HDPE
Article number	83320801.DUOL3S
Weight (kg)	34,5 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	Grey
Static load capacity	5000 kg

Properties

Large-format plastic pallet size 2400 x 1000 x H 150 mm

Made from high quality virgin HDPE plastic, exceptionally impact-resistant and durable

Suitable for food products

The D3 DUO is based on the D3 pallet, with rims 7 mm (alternative: without rims)

In this version, two D3 pallets are sustainably welded together

The D3 DUO pallet is equipped with 3 pallet runners lengthwise

The deck is additionally reinforced with 3 integrated reinforcement profiles in the longitudinal direction and 2 across; corrosion-resistant design

Extremely strong and robust, making it the ideal solution for large-format loads

RFID technology can be integrated into the pallet without any issues, even retrofitted. The RFID tag holder provides long-lasting protection against external influences

D3 pallet runners are chamfered on both sides for smooth handling with pallet trucks

The D3 pallet is extra strong thanks to an angled connection between the pallet runners and the blocks

This minimises breakage at these sensitive points

The stated dynamic load is based on an evenly distributed load and a wide forklift tine position

Description

Plastic large-format pallet (2400 x 1000 x H 150 mm), type D3, made from impact resistant new HDPE plastic. Based on two pallets of type D3, which are sustainably welded together. Equipped with 3 pallet runners longitudinally, underside with blocks and pallet runners open (ribbed). Upper deck with rims 7 mm. The top deck is supplied as standard with 3 reinforcement profiles in the longitudinal direction and 2 across. Static load capacity is 5000 kg and dynamic load capacity 1000 kg. Maximum dynamic load of 1000 kg with evenly distributed load and a wide forklift tine position. Also available in a version without rims on the top deck. Various organisations use large-format pallets to their full satisfaction.

General

The dimensions of custom-made pallets are aligned with the customer's requirements as much as possible. However, the existing pallet construction is decisive for the welding work. As a result, the achievable dimensions may deviate by a few centimetres.
