Description

Plastic Storage bin in Euronorm size 600 x 400 mm with a hand hole on the short side. The height, including reinforced base, is 421 mm. The Storage bin is fully perforated, with the exception of the panel below the hand hole. Labels or printing can be applied there. Thanks to the hand hole, the Storage bin is ideal for use as a warehouse bin. Due to its standardised dimensions, this Storage bin can be stacked with all other Euronorm stacking bins and combined perfectly with standardised pallets and mobile dollies. The Storage bin is food-grade and designed with ventilation through the generous perforations in the walls and base. The base is reinforced for higher load capacity. Size of hand hole: 265 x H 225 mm.
