Max. stacking load
(kg) 250 kg

Capacity 67 liter

Handles Closed (two recessed handles)

Sidewalls Closed

Material PP

Article number 8716.005.502

Weight (kg) 3,4 kg

Temperature range -40°C to +70°C

Color Grey

Bottom Closed, extra reinforced

Load capacity (kg) 20

Quantity per pallet 30

Properties

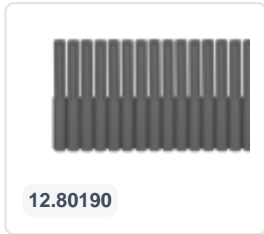

Integrated label holders (on one long and one short side)

Description

Fully enclosed stacking container in Euro-standard dimensions of 1000 x 400 mm. This robust stacking container is equipped with two closed shell handles. The container has a capacity of 67 litres and a height of 214 mm, including the reinforced base. This large-capacity container can be perfectly combined with standard ISO pallets; exactly three stacking containers fit side by side on an industrial pallet measuring 1200 x 1000 mm. This ensures efficient use of pallet space during storage and transport.
