The stackable container features a smooth bottom.

Suitable for mounting hinged lids.

Description

Durable Euronorm stacking bin for catering, rental and industrial use

This grey plastic stacking bin with Euronorm dimensions of 300 x 200 x 118 mm is part of the robust SOLID LINE series. With a capacity of 5 litres, this compact bin is ideal for efficiently storing, sorting and transporting lightweight items. Commonly used as a cutlery tray or small storage bin in event catering, rental services and industrial environments.

The bin has a fully closed design with smooth base, solid sidewalls and closed grip edges, ensuring easy cleaning and hygiene. Made of food-safe PP plastic, it is suitable for professional use across various temperature zones from -20°C to +80°C.

Stackable and suitable for hinged lid installation

Thanks to its Euronorm format, this stacking bin is fully compatible with other bins of the same size. It is also designed to accommodate a hinged lid, providing extra functionality and product protection during transport or storage.
